MEMORANDUM FOR: Acting Deputy Director for Administration

FROM : Clifford D. May, Jr.
Director of Data Processing

SUBJECT : Proposed DCI Response to DIA Memorandum

1. I have studied the proposed response to Gen. Tighe's memorandum in the light of Mr. Blake's instruction to me and have determined the following:

a. Mr. Blake's Guidance: "Director of DIA should be asked to state what personnel contribution he is prepared to make to the joint CIA/DIA project office."

Comment: This will be covered in the part of the Project Management Plan dealing with "joint project office staffing requirements" [sub. para. (b) 5) of proposed response]. The proposed DIA contribution will be subject to DCI approval as part of this Plan. I think it would be improper to ask for a more specific commitment from DIA at this time.

b. Mr. Blake's Guidance: "The draft should inform the Director of DIA that the SAFE/ADISS undertaking is not designed to solve those unique problems DIA is faced with in the Department of Defense Information Systems (DODIS)."

Comment: See comment in c. below.

c. Mr. Blake's Guidance: "It should be clearly understood that any future presentations for appropriations to the Congress on SAFE/ADISS will separate this undertaking from the DODIS problem and that DIA should make it clear that a separate appropriations presentation may be made at some future date on the matter of DODIS."

Comment: The points in b. and c. above have not been addressed in the proposed response. I suggest that an additional paragraph along the following lines be added to the letter to Gen. Tighe:

"As we enter into this joint endeavor, there is one matter which still causes me some concern. I would hope that you will be able to keep your SAFE/ADISS budget presentations to Congress clearly separated from those pertaining to the overall DODIIS problem. It should be understood by all parties that the SAFE/ADISS program is not intended to solve unique DODIIS problems."

2. I have advised [] ICS, of the above comments and he has no problem with them. He will revise the proposed letter accordingly. STATINTL

SUMMARY

1. The attached letter is the proposed response to the accompanying memorandum from the Director, DIA, to the DCI.
2. In his memorandum, the Director, DIA, recommends the establishment of a Joint Project Office, along the lines proposed by the SAFE/ADISS Working Group, but with project consolidation effective 1 September 1977, rather than 1 April 1978 as recommended by the Working Group.
3. This response, which has been draft-coordinated with D/OCR, D/ODP, and the current SAFE and ADISS PMOs, concurs with DIA's recommendation, and outlines the initial immediate tasks to be accomplished by the Joint Project Office.

Lieutenant General Eugene F. Tighe, Jr., USAF
Director, Defense Intelligence Agency
Washington, D.C. 20301

Dear General Tighe:

I was pleased to receive your thoughts on joint SAFE and ADISS project management, and I endorse your approach to the timely consolidation of these projects. I have consequently directed my staff to modify the existing SAFE project organization immediately to accommodate this change. The initial tasks for this joint CIA/DIA project office should be to:

- (a) Draft and coordinate an administrative Memorandum of Understanding, for joint signature, not later than 1 December 1977;
- (b) Prepare an accompanying Project Management Plan (also for approval by 1 December 1977) detailing:
 - 1) how the project will be managed;
 - 2) how user requirements will be accommodated;
 - 3) appropriate project oversight arrangements;
 - 4) reporting responsibilities to the respective agencies;
 - 5) joint project office staffing requirements;
 - 6) programming, budget, and funding procedures.

I am confident that, through this cooperative interagency effort, we can realize the cost savings inherent in common development, while insuring responsiveness to the needs of the participating agencies.

Sincerely,

John F. Blake
Acting Director

Acting Director of
Central Intelligence

SUBJECT: DCI Response to SAFE/ADISS Memorandum from D/DIA

REFERENCE: Memo dtd 12 Sep 77 to ADDCI, ADDA and DDI fr D/ODP,
same subj

I offer the following comments in connection with the proposed reply to the memorandum of 30 August to the DCI from the Acting Director of DIA on the subject, management of SAFE/ADISS projects. I believe the reply should be expanded to include the following additional points:

a. Director of DIA should be asked to state what personnel contribution he is prepared to make to the joint CIA/DIA project office.

b. The draft should inform the Director of DIA that the SAFE/ADISS undertaking is not designed to solve those unique problems DIA is faced with in the Department of Defense Information Systems (DODIS).

c. It should be clearly understood that any future presentations for appropriations to the Congress on SAFE/ADISS will separate this undertaking from the DODIS problem and that DIA should make it clear that a separate appropriations presentation may be made at some future date on the matter of DODIS.

MEMORANDUM FOR THE DIRECTOR OF CENTRAL INTELLIGENCE

SUBJECT: Management of SAFE/ADISS Projects

1. I have reviewed the Booz-Allen and the SAFE/ADISS Working Group Studies and believe the following proposals embody the best of these efforts with added emphasis toward achieving early commonality.

- a. Management of the ADISS Project be consolidated under the existing SAFE Project Office.
- b. The ADISS Project Manager serve as deputy to the SAFE Project Manager.
- c. On-going and scheduled system definition studies be used to develop an overall system specification converging to a common system design with a single contractor.
- d. Details of project administration, to include funding arrangements, be worked out in a memorandum of understanding.
- e. Project consolidation be effective 1 September 1977 and that the memorandum of understanding be approved within 90 days.

2. I request your concurrence in this approach. In the meantime, I have directed my staff to work with the CIA staff to do the necessary preliminary work on this proposal.

1. I concur with your proposal for the immediate consolidation of these projects as outlined in Reference. I have directed my staff to modify the SAFE Project organization along the lines of the SAFE/ADISS Working Group paper to accommodate this action and to initiate the drafting of an administrative memorandum of understanding for our signatures.

2. A Project Management Plan will be drafted within 90 days by the consolidated project office outlining:

- a. How the project will be managed.
- b. How the project will be jointly funded.
- c. How the project will be staffed.
- d. How user requirements will be accommodated.
- e. Project oversight arrangements.
- f. Reporting responsibilities to the participating organizations.

3. We should, through this effort, be able to realize the cost savings of common development while remaining responsive to the needs of each using Agency. We plan that full project visibility will ensure that this happens.
